MEDI VALLEY

Incanto Syrah

Origin: Thracian valley
Vintage: 2023
Variety: Syrah 100%
Alcohol content: 13,5% vol
Date of harvest: 10 September

History
Incanto Syrah is the second red wine from the premium brand of Medi Valley, created for the true wine lovers. It expresses the winery's philosophy for creating specific terroir wines with unique character. The vineyards were chosen after careful consideration of the climate, the soil, the vines status, the growing method and the grapes characteristics.

Vinification
This wine was made of the best grapes of a single vineyard. The grapes were picked manually, and then delivered in boxes to the cellar where they were selected on a sorting table. All kinds of impurities, stalk parts, unripe and bad grapes, remained after the separation of the grapes from the stalks, were removed. The fermentation was in inox tanks under 25-30°C temperature. It matured 12 months in new, special French barrels "barriques" type, made of three types of French oak, where it reached harmony and completeness.

Tasting notes
Beautiful dark red color. The fragrances of black forest fruits, blackberry and violets are completed by strings of chocolate, velvet and spices. The taste is fruity and fondling. Rich and tender, the wine brings the attractiveness of the grape variety and the specificity of the terroir.
